## 1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable children with disabilities to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to children with disabilities

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

- **To have high expectations of everyone**
- **To provide opportunities for all pupils to embrace the full curriculum including sports, music and drama.**
- **To be proactive in ensuring where ever possible that all school activities including out of school excursions are accessible for all.**
- **That teachers plan to remove all barriers so that all children reach their full potential.**
- **To ensure the school environment is conducive to meet the needs of all**
- **To provide on-going training to raise awareness and skills to all staff to meet the needs of individuals.**
- **To ensure that everyone has a voice to share their thoughts and opinions.**
- **To be able to move around the building easily and with confidence.**
- **To provide communication with all parents catering for individual needs.**

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including a number of pupils, parents, staff and governors.

## 2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that children with disabilities may face in comparison with other pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.
